

Adventures In Watercolor

Your adventure begins with demonstrations and a "hands on" approach to watercolor. Watercolor can be both simple and complex. By using a practical approach and a limited palette, students will learn traditional painting techniques to make expressive, luminous paintings. Group and individual instruction will be given to promote confidence and encourage self expression.

This class is designed for those students just starting in watercolor and for the already experienced watercolorist who wants a refresher course. Students will learn that even though watercolor is wet and sometimes wild, it can be controlled. Basic watercolor techniques will be covered such as applying a wash, working wet on wet, paint to water ratio, textures, and mixing paint. This class will be a time for personal growth and cultivating your artistic spirit. For more information email Judy at judy.seyfert@gmail.com or call her at 314-894-0695.
